Names not on both rolls.

The following lists are of those who do not appear on both rolls. In some cases, a similar name appears with different regiments or services. This could be the same man in both cases, as many were transferred from one regiment to another, but it may indicate two men of the same name. In consequence, there may be some duplication. Also, there may have been some errors in attribution of regiments. For example, in several cases a man was attributed to the Royal Irish Fusiliers on one roll, and the Royal Inniskilling Fusiliers on the other, having been recorded as being in the "R.I.Fus"; the Royal Irish Regiment and the Royal Irish Rifles were liable to similar confusion (R.I.R.).

Those who appear on the small roll, but not on the large one, have been added to the 'Persons' database.

Names on the small roll, but not on the large:
